**DISCUSSION BY COMMISSIONERS:**

Commissioner Inzer thanked Eric for all he does and for keeping the Commission informed. He said he was interested in their programs and events and so are others. He thanked District 6 for letting him continue to do the work he has done as a Commissioner and he said he liked to see people run a campaign on what you did and who you are. He said if anyone bashes the entire group of Commissioners, he will have something to say about that because he wants everyone to run a good, clean campaign. No negativity - continue to move forward!

Commissioner Washington said he looks forward to 2022 and thanked everyone for coming to the meeting.

Commissioner Ramsey thanked Kevin and Shane for checking with the local banks when they did their RFP’s for the Commission depository. He said he wanted to find a way to get more money for the roads. He has some ideas he is working on but not ready to discuss them right now (until he gathers more information). He has been working with Robert Nail to find out what the cost will be to redo the roads every 15 years (what will it take annually to stay on this agenda).

Commissioner Jamie Grant said they needed to create more jobs and the Megasite investment will raise more money for the roads.

Commissioner Statum thanked everyone for coming and said it was good to see Carolyn Parker. He thanked Eric Wright for all he does and also thanked Melissa Lett for picking up the slack while Sherri Starr has been out of work. He said he was looking forward to his next term in office (he is running unopposed) and it will be his last. He will have been on the Commission for 16 years and he will not run again. He would like to see more published locally about the water and sewer they are planning to get at the Megasite as they check off the last box needed to get more interest in the property. He also agrees with Commissioner Ramsey that more money is needed for road improvements. He said we have to keep things moving in the right direction.

Shane said we had received some local coverage on the Megasite and the Messenger is coming to see him this afternoon. Also the Megasite is mentioned in various publications because emails are sent to him whenever it is mentioned in an article. Sonny (from ACCA) had recently discussed inmate reimbursement and it is just of matter of correctly filling out the forms and applying. The reimbursement figures are over \$11 million.

Keith Peek said they had someone working on the paperwork to get the reimbursement on the State inmates and Shane said they were trying to simplify the application.

Commissioner Johnny Grant said he was also excited about the Megasite and thanked everyone that had a hand in bringing the Little Canoe Creek Megasite to this point . He believes this group will finish it. He said they were looking for a solution to the road issues.

**ADJOURN:** The Chair then entertained a motion to adjourn the meeting. Upon motion of Commissioner Jamie Grant, seconded by Commissioner Washington, with all other members voting “yes”, the motion was passed. The meeting was adjourned at 11:35 am.
